New Absolute 50 Fly: Excellent balance between size and functionality

September 3, 2020

3 MINUTES READ

*New Absolute 50 Fly — the Absolute Achievement—captures the essence of ambition: offering amazing size, maximum comfort, and absolute livability*

Absolute 50 Fly exterior

*In 50 Fly, Absolute took extreme care in designing the windows*

This dynamic and innovative Absolute yacht is decidedly captivating in the shapes, combinations of colors, materials, and finishing touches. The lines of the exteriors highlight the wide uninterrupted windows — obtained thanks to the reduction of the typical 'sword'—and the windows of the cabins below deck, which are similarly without pillars.

Relaxation outdoors is assured by a comfortable and versatile aft cockpit, which can be directly connected to the galley, where the sofa easily turns into a sun lounger. The Fly area, among the largest in the range, offers a table surrounded by a sofa, a full kitchen area, and a double steering position with another comfortable sun lounger. The third sunbathing area is located at the bow, easily accessible through a pleasant and well-protected walkway.

*New furnishing materials: combination of glossy dark oak and matt light oak, sand oak floor with saw cut effect for greater durability*

The design and the new lines of chromatic contrast characterize the interiors of the main deck that appear to be bright and finely furnished. On the left side of the entrance, the galley is equipped with practical worktops in fine materials that can be separated from the rest of the living room thanks to elegant electric sliding glass.

The furniture in front of this area has been redesigned to offer new stowage spaces and comfortable support surfaces. Furthermore, large sofas, furnishings, new air conditioning systems, and the entertainment area contribute to making the onboard experience truly immersive. The steering position, ergonomic and well equipped, has a side door, which turns to be particularly helpful when manoeuvring, and a switchboard for immediate access.

Spacious master cabin

*New Absolute 50 Fly master cabin*

Located in the center of the Absolute 50 Fly, on the lower deck, the full-beam master cabin is very spacious, refined with elegant color combinations, and equipped with roomy cabinets and many stowage spaces. It offers an incredible view of the sea thanks to two side windows without pillars. The en-suite head is enriched with new coating materials and raw materials of great value.

Absolute 62 Fly

The new Absolute is an attractive yacht putting all the accent on comfortable living, with design that will not go unnoticed in any port. During the last Croatia Boat Show in Split we have had the opportunity to test the new Absolute 62 Fly. The brand new unit with no more than a hundred miles ... Continue reading

The VIP cabin also covers the whole width of the new Absolute 50 Fly. It is comfortable and bright and its en-suite head has double access both from the inside and from the hallway. Finally, the third guest cabin has two berths and a walk-in closet, and the aft crew cabin can be easily used for extra guests.
