

### **ABSOLUTE NAVETTA 48**

Since it was founded in 2002, young Italian yard Absolute has grown steadily to offer three ranges – Fly, Sport and Navetta – ranging from 40 to 73 feet. The three-cabin 48 is the newest in the Navetta range which is a stylistic fusion of a trawler shape with classic flybridge.

Premier Marine Australia are the brand's down under importer: "Absolute Yachts are the most

euro-chic, contemporary and exciting cruisers on the market, and are making huge waves around the world and Australia-wide." The Italian company's remarkable growth has been aided by their robust 'Integrated Structural System' construction method. This entails the bonding of internal bulkheads, sandwich walls and interior floor to a hand-laid hull, forming a single robust entity.
